"XXII. From point O boundary stone No. XXX, the Station boundary line bears away north-east above the bed of the Chellaghatta tank, and then at point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from bandh to bandh the eastern field boundaries of Domlur and Dukanahalli villages. At the north-eastern angle of the village boundaries of Dukanahalli marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanahalli northern boundary, and then leaving the hamlet of Apireddihalli on the left, runs into the village boundary of Binnamangala at point marked by boundary stone No. XXXIII."

9. A schedule giving the boundaries of the Civil and Military Station of Bangalore as now revised, is appended.

### DESCRIPTION OF THE BOUNDARIES OF THE CIVIL AND MILITARY STATION OF BANGALORE.

- I. The boundary line of the Civil and Military Station of Bangalore will be assumed, for purpose of description, to start from the angle formed by the northern and eastern Revenue Survey boundary lines of the kayamgutta village lands of Dodkunte. This point, marked on the ground by boundary stone No. I, and lettered R on Revenue Survey Sheet 2, is the extreme north-eastern angle of the boundary limits now fixed for the Station. It is situated by the side of the Banasavadi road and on the centre of the ridge which divides the catchment basins of Lingarajpura and Narasampalyam tanks.
- II. From this starting point the northern Station boundary hugs for some distance the Banasavadi road until it comes to the rocky hill known as "Machilgutte," round the southern base of which it sweeps, then following westward and coinciding with Revenue Survey boundary between the villages Dodkunte and Lingarajpura. It thus runs along the watershed and nearly parallel to the line of railway until it crosses the Kachakalli Road at a point a short distance from and due north of the Native Cemetery of St. John's Hill. This point is marked on the ground by boundary stone No. II, and is lettered A on Revenue Survey Sheets 2 and 1.
- III. Thence the Station boundary continues westward along the village boundary line until it reaches the north-western angle of the Dodkunte lands, which point is marked on the ground by boundary stone No. III.
- IV. To the north of the boundary described in the above paragraph is an isolated piece of land attached to the Civil and Military Station for the purposes of a Hindu burial ground and a Municipal filth depot comprising an area of 28 acres and 37 guntas and bounded as follows:—From boundary stone  $\frac{H}{1}$ , which is situated on the west side of the road leading to Hennur and 102 $\frac{3}{4}$  yards north-east by north of stone II along the side of the same road for about 187 yards in a direction north-east by north, to stone  $\frac{H}{2}$ ; thence west north-west about 61 yards to stone  $\frac{H}{3}$ , then north-east by north about 6 yards to stone  $\frac{H}{4}$ ; west by north about 311 yards to stone  $\frac{H}{5}$  on the bank of a small stream; thence north by east about 60 yards along the east bank of the stream to stone  $\frac{H}{6}$ , thence west 21 yards to stone  $\frac{H}{7}$  and in the direction west by north 121 yards to stone  $\frac{H}{8}$ , thence north north-east 153 yards to stone  $\frac{H}{9}$ , west by north 49 yards to stone  $\frac{H}{10}$ , south south-west 63 yards to stone  $\frac{H}{11}$ , south by west 100 yards to stone  $\frac{H}{12}$ , south by east 55 yards to stone  $\frac{H}{13}$ , thence in a slightly curved line south south-west 131 yards to stone  $\frac{H}{14}$ , south-east 70 yards to stone  $\frac{H}{15}$ , which is situated at a point 56 $\frac{3}{4}$  yards north north-east of boundary stone III, thence 46 yards east south-east to stone  $\frac{H}{16}$ , thence north north-east 119 yards to stone  $\frac{H}{17}$ , thence south-east by east 91 yards to stone  $\frac{H}{18}$ , 143 yards further to stone  $\frac{H}{19}$ , and east by south 150 yards to stone  $\frac{H}{20}$ , thence south 30 yards to stone  $\frac{H}{21}$ , and east south-east about 168 yards to stone  $\frac{H}{22}$ .

- V. At stone No III, the line turns sharply and running south by west for some distance still follows and coincides with the village boundary of Doddkunte, until it meets the hedge of the large village known as "The Tanneries." This point is marked on the ground by boundary stone No. IV, and is lettered B on Revenue Survey Sheet I.
- VI. Leaving Station boundary stone IV, the old boundary is followed up to the east of the Tannery road and is marked  $\frac{IV}{1}$ . From this point the boundary line runs north-east for a distance of 1,375 feet to stone No.  $\frac{IV}{2}$  along east of the road. From stone  $\frac{IV}{2}$  the boundary line runs 58½ feet north-east by east to stone  $\frac{IV}{3}$ , and from stone  $\frac{IV}{3}$  it runs 79 feet north-west by north to stone  $\frac{IV}{4}$  to the north of the Police outpost. From stone  $\frac{IV}{4}$ , the boundary line goes 73 feet south-west to stone  $\frac{IV}{5}$ . From stone  $\frac{IV}{5}$ , the boundary line runs 23 feet south-east by south to stone  $\frac{IV}{6}$ , completing the circuit of the Police outpost. From stone  $\frac{IV}{6}$  the boundary line runs 155 feet south-west by west along west of the road to stone  $\frac{IV}{7}$ . From stone  $\frac{IV}{7}$  the boundary line runs 376 feet south-west along west of the road to stone  $\frac{IV}{8}$  meeting the Station boundary at the north-east corner of the "Idga" near the road culvert. After this, the boundary follows the irregular outline of the Masjid immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the Tanneries, the northern boundary line of the Inam village of Byadarahalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I.
- VII. From point C boundary stone No. V, the Station boundary follows the westerly course of the north village boundary of Byadarahalli until the angle formed by the northern and western village boundaries is reached, this angle being marked by boundary stone No. VI.
- VIII. From stone No. VI, the Civil and Military Station boundary line follows zig-zag the west boundaries of the Byadarahalli fields until it crosses the Nullah at stone now marked  $\frac{VII}{1}$ . From stone  $\frac{VII}{1}$ , the boundary line turns to the west for a distance of 218 feet to stone  $\frac{VII}{2}$ . From stone  $\frac{VII}{2}$ , the boundary line runs south-west by west for 85 feet to stone  $\frac{VII}{3}$ . From stone  $\frac{VII}{3}$ , the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone  $\frac{VII}{4}$ . From stone  $\frac{VII}{4}$ , the boundary line runs east along south of Police outpost to stone  $\frac{VII}{5}$ . From stone  $\frac{VII}{5}$ , the boundary line runs north for 20 feet to stone  $\frac{VII}{6}$ . From stone  $\frac{VII}{6}$ , the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone VII, to which point the existing S. B. stone No. VII should be removed and refixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668, where boundary stone No. VIII is fixed.
- IX. Leaving St John's Hill cross road at this point, the Station boundary runs south-west along the north-western boundary of Survey Nos. 667 and 63, and at the south-western corner of the latter No. 68, boundary stone No. IX is fixed.
- X. From boundary stone No. IX, the Station boundary runs south-west almost in a straight line just outside the south-east drain of Miller's Road and the western side of Survey Nos. 474, 473, 464 and 455 till the south-western extremity of No. 455 is reached, where boundary stone No. X is planted.
- XI. From boundary stone No. X, the Station boundary meeting the north side of the High Ground runs west along the northern boundary of Survey No. 459 up to the north-western corner of that number and thence it passes south along Avenue Road and the western boundary of Survey Nos. 458, 129, 128, 127 till at the south western extremity of No. 127 it meets the new boundary stone No. XI on Revenue Survey Sheet No. I.
- XII. From new boundary stone No. XI, the line runs east by south along the southern boundary of Survey No. 127 and thence turns to the south alongside the Nullah which is the eastern boundary of Survey No. 126, thence turning north through Survey No. 122 and east through the village

of Survey No. 1-3, it turns south-east, skirting the Government Press buildings to the southern extremity of Survey No. 40 where new boundary stone No. XII is fixed, adjoining the Pettah Road and to the south-west of the entrance to the Residency Park, which is almost opposite the south-west end of the Public Offices.

- XIII. From new boundary stone No. XII, the line takes a northerly direction parallel with the fence of the Residency compound along the Pettah Road up to the stone pillar at which the wire fence of the Cubbon Park begins almost due south of the Post Office, where boundary stone No. XIII is placed.
- XIV. The Station boundary line then proceeds along the Cubbon Park wire fence to the angle in the fence immediately opposite His Majesty's Post Office and thence follows the Park fence to St. Mark's Church or West Parade Road, at which point boundary stone No. XIV is fixed. Point G on Revenue Survey Sheet I.
- XV. From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along St. Mark's Road and curving round line of fence at Cubbon Park Police Station marked stone No.  $\frac{XIV}{2}$ , the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone  $\frac{XIV}{2}$  and from stone  $\frac{XIV}{2}$  the boundary line runs south for 97 feet and along west of the Police station to stone No.  $\frac{XIV}{3}$ . From stone  $\frac{XIV}{3}$  the boundary line turns to the east for 41 feet and south of the Police station to stone No.  $\frac{XIV}{4}$ , where it meets the Sydney Road and runs along front of the Museum to the cross roads, whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No. XVI being fixed at this point of intersection, Point J of Revenue Survey Sheet I.
- XVI. Leaving boundary stone No. XVI, the line follows the curve of the compound wall of Revenue Survey Office and the roadside walls of Colonel Beresford's house until it reaches the corner of Lal-Bagh Road immediately opposite the gate of Langford House, which point is marked by boundary stone No. XVII, Point K, Revenue Survey Sheet I.
- XVII. Passing down Lal-Bagh Road along the compound hedges of the adjoining houses, the line crosses the road near the porch of Sonnaiya & Co.'s flower garden, at which point boundary stone No. XVIII is fixed, Point L, Revenue Survey Sheet I, and runs due south along the edge and ditch bordering the tope and gardens, which here extend from Lal-Bagh Road down to the bed of Sunnakal tank, at the end of this reach a re-entering angle is formed by the boundary, coinciding with the boundaries of the Survey numbers, and the corners are marked on the ground by boundary stones Nos. XIX, XX and XXI.
- XVIII. From stone XXI the line runs due east along the northern wetted border of Sunnakal tank, adhering to the garden boundaries as marked on ground by the earthen Survey "Bandhs," in other words, along the southern village boundary of Hakkitimmanhalli. After passing between the south-western corner of the Cantonment cemetery and the northern end of the Sunnakal tank bund, it curves round south for a short distance so as still to follow the field boundaries of Hakkitimmanhalli until it crosses the Anekal District Road not far from where the latter takes off from the High Road to Oosoor.
- XIX. From the Anekal road the line continues due east and crossing the Oosoor Road keeps to the boundary between the villages of Hakkitimmanhalli and Koramangal until it falls into the bed of Koramangal tank. The angle near the cemetery and end of Sunnakal tank bund is marked on the ground by boundary stone No. XXII, the points where the Anekal and Oosoor roads are crossed by stones Nos. XXII and XXIV, and the point where the line on falling into Koramangal tank changes direction to the north-east by boundary stone No. XXV.

- XX. From stone No. XXV, the boundary runs along the edge of the Koramangal tank to stone No. XXVI on the south side of the Nilasandra road to the south-west of the Commissariat slaughter-house and thence along the south side of that road to stone No. XXVII, which is at the point where that road meets the road running along the west side of the Artillery Practice Ground.
- XXI. Thence the Station boundary simply skirts the southern slopes of the Artillery Practice Ground, following the lines of stone posts which demarcate the range, until on its eastern side the point is reached where the boundaries of the villages of Chellagatta and Domlur meet. This is Point O on Revenue Survey Sheet 2, and is marked on ground by boundary stone No. XXX, the southern angles of the Practice Ground being shown by boundary stones Nos. XXVIII and XXIX.
- XXII. From point O, boundary stone No. XXX, the Station boundary line bears away north-east above the bed of Chellagatta tank, and then, at a point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanhalli villages. At the north-eastern angle of the village boundaries of Dukanhalli, marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanhalli northern boundary, and then leaving the hamlet of Abbareddipalyam on the left, runs into the village boundary of Binnamangal at point marked by boundary stone No. XXXIII.
- XXIII. The southern and eastern village boundaries of Binnamangal are then followed until the line after passing close by the village tank falls into the Hoskote high road nearly opposite to Army Signalling Station No. 5, at which point boundary stone No. XXXIV is fixed.
- XXIV. From stone XXXIV the Station line runs up the Hoskote road for a short distance to the Survey "Bandh" at side of road, from which mark it again runs due north across the fields, until the north-eastern angle of the village boundaries of Binnamangal is reached where boundary stone No. XXXV is fixed.
- XXV. Thence the Station boundary bears west down the trough of the valley, crosses the low ground immediately above Binnamangal Tank and runs up the slope to the Sapper Parade Ground on edge of which boundary stone No. XXXVI is placed, Point P on Revenue Survey Sheet No. 2. Running then north along the Sapper Parade Ground to the corner marked on the ground by boundary stone No. XXXVII, it turns again west along the Parade Ground until it reaches the Dodkunte south-eastern limits. This point is marked on ground by boundary stone No. XXXVIII.
- XXVI. The Station line then follows the village boundary north along the walls of St. John's Hill Christian Cemeteries, Survey blocks 677 and 676 up to the point where it is intersected by the Madras Railway, outside the northern fence of which boundary stone No. XXXIX is fixed.
- XXVII. From this last point the Station line follows the eastern village boundary of Dodkunte until it closes on the starting point boundary stone No. I.
- XXVIII. From the above description it will be seen that the Bangalore Civil and Military Station includes within its limits the villages of Dodkunte, Byadarhalli, part of Upparhalli, part of Sampangihalli, Hakkitimmanahalli, Nilasandra, Sonnenhalli, Domlur, Dukanhalli, and Binnamangal, within which lie the villages of Bilkihalli, Shule, Kupsandra, Alsur and the various bazaars, barracks, parade ground, Station cemeteries, etc.
- XXIX. The stones which mark the limits and are enumerated above are square in section and stand 2 feet from the ground, the top being chiselled off to a wedge as per marginal sketch, on the face of which are countersunk the number in Roman characters and the letters "S. B." (Station Boundary).
